

## **EE417 - Web Applications Development**

### **Group Assignment – Group F Minutes**

Author:	Mark McGrath
Project Name:	Complete Web Application
Project Stage:	Progress Review
Date:	24/04/2021
Meeting Duration:	2 hours
Present:	Mark McGrath Michael O'Hara Daire Cooney Ciaran McCormack Matthew LeBeouf Corentin Lestanc Rui Fan Remi Bertogliati
Apologies:	Saimi Saleem Sepeng Yang

## 1. Meeting Objectives

This was the final walkthrough of the application and discussion on project documentation requirements including agreement on documentation content and roles and final roles and responsibilities on the project.

Some redirect issues were found and resolved by the team.

There was a minor issue with CSS styling on the static HTML pages but were fixed by Remi.

### Actions arising from today's workshop

- a. Create final web architecture diagram. Manually draw this diagram - **Mark**
- b. Take manual diagram and rework in formal drawing package - **Remi**
- c. Update Readme file – **Mike**
- d. Change description of work carried out on respective areas of project to third part references for inclusion into project documentation - **All**
- e. Create project documentation and conduct project screencast walkthrough – **Mark**
- f. Package up web application to war file, export to zip file and upload to assignment link on loop - **Mark**
